

Pamela Velasco
1st/2nd English Teacher
El Árbol Green School

Growing up fully bilingual in Brownsville, Texas, Miss Pamela discovered her vocation for teaching English to young children after moving to Mexico in 2009 and landing a job at a private kindergarten school. This motivated her to complete her Cambridge Teaching Knowledge Test in English Education and continue teaching at Instituto Latinoamericano in Cuernavaca.

After moving to Playa del Carmen in 2013, she worked at Instituto Tepeyac for three years as a primary teacher until she welcomed her first daughter into the world and took a break from teaching to spend time with her.

Back in the workforce full-time, Miss Pamela joined El Árbol Green School in October 2019 as the English, Social Studies, and Science teacher for first and second grades.
